What is your group studying that will be supported by their visit?

What would you most like your group to experience?

What activities would you like to have included in your visit?

\* If there is a specific subject you would like us to teach based on your curriculum, please let us know and we will do our best to accommodate your needs. Please indicate below. If you just want to use the center with your own curriculum note below.

Will there be anyone in your group with special needs? If so, please describe:

Please return this form as soon as possible. You will shortly receive a confirmation of your visit.

***A donation of \$45.00-100.00 per program will be appreciated to assist with defraying the costs of our education programs. We also have sliding scale fees if needed check with Daniel Hull at the center. The Nisqually Reach Nature Center is a private, non-profit organization that receives no governmental funding for its environmental education programs. Thank you. Programs can be provided at subsidized cost from our supporting members and donors.***

***If you want to become a member or have any questions feel free to contact the center:***
